6. Motions, Resolutions, and Recommendations

- 5.I An Ordinance Amending Section 27-503 (B) of the Code of City Ordinances of the City of Warrensburg, Missouri Regarding Signs Not Requiring Permits

Carroll introduced the ordinance and explained art murals have been treated inconsistently in the past, some have gotten sign permits and others have not. Currently Warrensburg Main Street is working on a mural project. Carroll explained in most cases art murals have difficulty meeting the 30% size requirement for wall signs. There was a discussion about whether any group had to approve the artwork and the City's inability to regulate the content of signs.

Jill Purvis, 36 NW 400 Rd, stated she is the Executive Director of Warrensburg Main Street. The art murals in the downtown area are reviewed by the Main Street Art Committee then by the Board of Directors before the project is approved. All the proposed art murals are on private property.

Kohl moved to approve the ordinance as presented. Lund seconded. Approved 6-0 on a roll call vote. Steinkuehler read and completed the Findings and Recommendation sheet.

5.II An Ordinance Amending Section 27-504 (C) (2) of the Code of City Ordinances of the City of Warrensburg, Missouri Regarding Signs Requiring Permits

Carroll introduced the ordinance and explained this section of the ordinance is for signs requiring permits. This would grant properties in an RMH District the ability to have signs to the same standards as a R3 District or R4 District.

Bax moved to approve the ordinance as presented. Nimmer seconded. Approved 6-0 on a roll call vote. Steinkuehler read and completed the Findings and Recommendation sheet.

PLANNING AND ZONING COMMISSION

AGENDA REPORT

September 30, 2020

ITEM 4.I & 5.I:	Request to Rezone
APPLICANT:	City of Warrensburg and Evergy Missouri West Inc. formerly known as Aquila Inc.
LOCATION:	Southwest corner of Warren St. and Pine St.
CURRENT ZONING:	HI: Heavy Industrial District
REQUESTED ZONING:	LI: Light Industrial District

BACKGROUND:

Evergy Missouri West Inc., formerly known as Aquila Inc., owns a parcel of land located at southwest corner of Warren St. and Pine St. that is currently undeveloped. Evergy is interested in redeveloping the property along with additional property owned by the City of Warrensburg with a public utility project. The City of Warrensburg owns three lots to the west of the Evergy parcel. Evergy and the City of Warrensburg have applied to rezone the property from the existing HI: Heavy Industrial District to LI: Light Industrial District. In an interesting bit of history, the far east end of the property owned by Evergy was originally developed in 1893 for the Magnolia Light, Heat, and Power Company.

The properties directly to the north are undeveloped land in a R4 District, and the Evergy substation in a HI District. The property to the east is a storage unit facility at 216 W. Pine St. This property was rezoned from HI to LI in 2008 to facilitate the construction of the storage-unit facility. The property to the west is an undeveloped lot in a HI District and Blind Boone Park in an R4 district. The properties to the south include the railroad right-of-way, multi-family, single-family, and undeveloped land in an R3 District.

Compatibility with the Comprehensive City Plan

The 2017 Comprehensive City Plan shows the future land use of these lots as industrial. The current trend of the existing development in the area is a mixture of single-family, multi-family, and industrial uses.

Public Notice

The attached list of property owners within 300 ft. were notified September 18, 2020 of the meeting before the Planning and Zoning Commission. At the writing of this report, staff has received the following comments:

Josh Breckmann on behalf of J&L Properties, LLC, 215-219 W. Pine St., called City Hall and requested general information about the property on September 23, 2020 and verified the rezoning was not adjacent to his property.

STAFF RECOMMENDATION:

Staff recommends approval based on the following:

1. The proposed zone is an extension of an existing LI District.
2. The proposed zone is a downzoning to a less intensive district.
3. The proposed land use is in keeping with the general development trend of the area and the adopted Comprehensive City Plan.

FINDINGS AND RECOMMENDATION:

Whenever the Commission considers a rezoning request, the written findings and recommendations are to be submitted to the City Council based upon the evidence presented with respect to the following:

- (a) The compatibility of the proposed amendment to the goals and objectives of the City's Comprehensive plan.
- (b) The effect of the amendment upon the existing land uses within the general area.
- (c) The impact of the changes on the future development of the neighborhood.
- (d) Development trends in the area of the affected property.

The findings and recommendation need to be written, signed, and submitted to the City Council. A blank form is attached. The Council will hold a public hearing on this request on October 12, 2020.
