COMMUNITY DEVELOPMENT

August 5, 2019

Honorable Mayor and
Members of the City Council
City of Warrensburg, Missouri

Dear Mayor and Council Members:

SUBJECT: A Public Hearing on an Ordinance Enlarging a GB: General Business District by Rezoning Land Located at 309 E. Market Street from R1: Single Family Residence District to GB: General Business District

BACKGROUND:

The applicants, Philip Zou & Jing Sun, own the property at 309 E. Market Street, which is located approximately 160 ft. east of the intersection of N. Maguire St. and E. Market St. The owners have applied for the rezoning request to facilitate the redevelopment of this parcel and the adjacent parcels to the north and west with a convenience store and retail gasoline sales. Part of the proposed development includes a request to rezone 310 E. Gay St., located northeast of this property, from R2: One- and Two-Family Residence District to GB: General Business District. Casey's Marketing Company in conjunction with all of the current owners, have submitted a minor plat application for the development called Casey's Addition. The final plat proposes consolidating eight (8) lots into one (1) lot. The plat will be considered at the September Planning and Zoning Commission and City Council meetings.

Adjacent Zoning

The properties directly to the north are vacant lots in a R2 District and GB districts, and they are part of the minor plat application. The property to the east is a single-family residence in a R1 District. To the west is a single-family house and Shelby's convenience store and gas station in a GB district, and they are part of the minor plat application. The properties to the south are single-family residences in a R1 District.

Compatibility with the Comprehensive City Plan

The 2017 Comprehensive City Plan shows the future land use of this area as single family residential. The current trend of the existing development is a mixture of commercial and single-family residential uses.
