

PLANNING AND ZONING COMMISSION

AGENDA REPORT

September 2, 2020

ITEM 5.II: An Ordinance Amending Section 27-504 (c) (2) of the Code of City Ordinances of the City of Warrensburg, Missouri Regarding Signs Requiring Permits

BACKGROUND:

Currently, R3: Low-Density Multi-Family Residence Districts and R4: Medium-Density Multi-Family Residence Districts are allowed a ground-mounted sign or a wall sign subject to size limitations. However, the RMH: Manufactured Home Residence District is not allowed to have signs. Staff believes it was an oversight in the 2001 drafting of the sign regulations not to address signs in the RMH district under the heading *Signs in residential districts*.

City staff is proposing the attached ordinance amending the existing sign regulations to allow RMH: Manufactured Home Residence Districts to have the option of installing either a ground-mounted sign not to exceed 50 square feet per entrance or one wall sign no to exceed 30% of the aggregate square footage of the wall are on which it is installed.. The attached ordinance is consistent with sign requirements for R3 Districts and R4 Districts.

Approval of the ordinance would allow existing signs to be maintained or replaced in the City's RMH: Manufactured Home Residence District.

RECOMMENDATION:

Staff recommends approval of the ordinance.
