Room 413-B
Jefferson City, MO 65101

Re: Amendment and Support of HB 394

Dear Representative Houx:

The City of Warrensburg is asking for your support of Missouri House Bill 394, authorizing a sales tax dedicated to public safety in the cities of Clinton and Lincoln upon voter approval, and an amendment to include the city of Warrensburg additionally. The bill, which was introduced by Representative Rodger Reedy, would repeal and replace section 94.902, RSMo for these municipalities to take a public safety sales tax to the voters.

Representative Reedy's office has been contacted about amending HB394 to include the city of Warrensburg, to which they are agreeable, and your support would be appreciated in reaching this accomplishment.

HB394 would allow the city to provide greater protection for your constituents in the form of law enforcement and fire protection services. These services are greatly valued in your community, so your support for the bill would be much appreciated.

Sincerely on behalf of the Warrensburg City Council,

Bryan Jacobs
Mayor
