Why are you interested in serving on a Board for the City of Warrensburg?	I am interested in serving on the Parks & Rec Board, because I want to see positive changes made. I have two children who are involved multiple sports and we have had some negative experiences with the Parks & Rec department. Nothing that keeps us from not going back, but we do play some sports through other communities because of the level of their programs. I love the Warrensburg community and plan to live here for many years to come. I would like to bring my experiences and opinions to the Board.
What is your knowledge of the advisory Board/Commission you're applying for?	I know that there has been some disagreements with the Board and the City Council and that the Board. I believe it's important for both to work together for a common cause and hope that can be found. Change won't happen over night, but it's important for it to happen over time.
List any experience or skills you have that qualify you for this position.	I have two children that play multiple sports through Parks and Recs and other community leagues. They have also attended camps and various other activities the department has to offer. I have lived in the community for 17 years and have been employed with Central Bank of Warrensburg for 7 years. My position at the bank is Vice President with an emphasis in accounting and operations. I feel my involvement with the community and knowing other people with younger children who are active in the community as well will play a big part in my role. Being able to hear their compliments and concerns and to bring those to the meetings will be important. Our community should be heard.

Also, as a parent I would like input on the programs available to my daughter and her friends.
