

TO: Parks & Recreation Board  
FROM: Chris Deal, Interim Parks & Recreation Director  
SUBJECT: Military Discount for Community Center Membership  
DATE: March 29, 2023

At other cities around the country, a Military Discount is offered at Community Centers and Fitness Centers for membership. The most common amount is 10% off. This offering is a good way for the Parks & Recreation Department to show our support and gratitude for Military personnel service to our country.

As also stated, with our membership numbers being less as compared to this time last year, this would be a positive move for the Community Center budget. This offer would be for “all military, present or past”, with proper ID.

Staff recommends a 10% off the Community Center membership be given to all military personnel.
