Inspiration Information

Why music?

Music has the unique ability to engage multiple senses simultaneously. By introducing musical park equipment, such as chimes, xylophones, or interactive drums, visitors can experience auditory, tactile, and even visual stimulation.

A sensory garden should aim to be inclusive and accessible to a wide range of visitors. Musical-themed equipment allows people with diverse abilities to actively participate and engage in the garden's offerings. By providing inclusive play opportunities, individuals with disabilities or sensory impairments can enjoy the garden on equal terms, fostering a sense of belonging and community.

Request for Partnership in Creating the Sensory Garden at Hawthorne Park:

Dear Warrensburg Park and Recreation,

We are excited to present a proposal for the development of a sensory garden at the esteemed Hawthorne Park. As passionate advocates for creating inclusive and engaging spaces within our community, we believe that this project aligns perfectly with the values and mission of Warrensburg Park and Recreation.

We understand that the success of such a project relies on collaborative efforts, and we are reaching out to request your partnership in making the sensory garden a reality. With your expertise in park management and our dedication to creating an enriching sensory experience, we believe that together we can transform Hawthorne Park into a truly exceptional destination for residents and visitors alike.

While we would seek funding for the park equipment, we recognize the immense value that Warrensburg Park and Recreation can bring to this project. Your experience in park planning, maintenance, and community engagement will be invaluable in ensuring the sustainable development and long-term success of the sensory garden.

By partnering with us, Warrensburg Park and Recreation will not only contribute to the creation of a unique and inclusive space but also become an integral part of a project that promotes well-being, fosters community connections, and enriches the lives of individuals of all abilities. Together, we can create a lasting legacy that will be enjoyed by generations to come.

We eagerly look forward to the opportunity to collaborate with Warrensburg Park and Recreation on this exciting project.

Thank you for considering our proposal, and we anticipate a fruitful partnership in creating a remarkable sensory garden at Hawthorne Park.

Sincerely,
Liz Hargrave
