1. A reduced size single-family lot to a minimum of 5,500 square feet, and a ratio of one reduced-sized Lot to 3 standard size lots (minimum of 7,000 square feet.)
2. This would be allowed in subdivisions with a mix of standard and reduced-size single-family lots in all R1, R2, R3, and R4 zoning districts.
3. For the reduced size single-family lots (5,500 square feet) other zoning ordinance requirements will be amended as follows:
 - a. Reduce minimum lot width to 50 feet
 - b. Reduce side setback requirement to 5 feet
