

Energy and Sustainability Task Force meeting minutes February 4, 2021

Attendees: Casey Lund, Phil Miller, Danielle Dulin, Steve Grainger, Mason Floyd, Terry Vair, Steve Fox, Scott Holmberg

Minutes: Holmberg/Fox Approved

Agenda: Fox Holmberg Approved

Barb Carrol from Community Development will attend and present some potential ordinance changes at the March meeting.

Scott Holmberg will contact Mark Goodwin, UCM Farm to check status of planting plan for native pollinator/rain garden demonstration plan.

No update on recycling.

Phi Miller asked about potential interview questions of city manager applicant(s) when identified. Scott Holmberg updated the Task Force on the process and will be the point of contact for Task Force member involvement as the process moves forward. Currently staff is assisting city council in the development of the request for proposal for the recruitment firm.

Danielle Dulin will target April for making a trip to Lee's Summit to see and potentially visit about their environmental and conservation efforts.

Daniell Dulin hare that city staff had partnered with the energy company for an audit of the waste plant and by replacing blowers there is an estimated \$450,000 savings over 5 years. Scott Holmberg suggested that the staff develop a reinvestment plan of some of the savings gained by improvement projects to fund additional projects.

Next meeting March 4, 2021.
