

Energy and Sustainability Task Force Meeting minutes, September 3, 2020.

Attendees: Danielle Dulin, Beth Rutt, Lyle Kreisel, Phil Miller, Danielle Fesler, Steve Mohler, Casey Lund, Steve Grainger

Approval of agenda: Holmberg/Rutt Approved

Approval of minutes: Rutt/Kreisel Fox Approved

Addition of Lyle Kreisel as voting member Rutt/Holmberg Approved

Reviewed the success of passing the ordinance for the city to purchase electric power through the Energy Direct program. 50% for 5 years. Danielle to update as needed on status.

Danielle Fesler, Warrensburg Parks Department joined the meeting to discuss her scholarship for the National Green Infrastructure Program. Through this program, Danielle will learn many current best practices of how to incorporate green infrastructure into our community. This would include items such as permeable pavers, Bioswales and raingardens as ways to make our community greener.

The task force discussed the recycling center off Pine Street and the consensus is that the center has issues because it is open 24/7 with no monitoring. The city staff are looking at different locations.

Actions:

Danielle Dulin and Danielle Fesler to meet to discuss opportunities and specifically the project by Maple Grove.

Scott to prepare an information release for the chamber flash.

Next meeting: November 5, 9:30 AM, Zoom
